Focus Group List of Questions	
1.	Could you describe what kind of analysis (close-study or in-depth analysis) that you do when analyze film?
2	What kinds of assignments are given to you by the lecturer? Given the assignment, describe your typical approach to solving these problems (task)/steps you do when working on an assignment. What do you need to find out in the assignment?
3	Where do you normally get the resources for your studies for watching movies (e.g. DVD) from library, from friends, from Xtravision? <ol style="list-style-type: none"> a. How do you identify relevant scenes? (e.g by which criteria, and how to find it on the DVD)? b. How do you watch a DVD? c. How often do you pause, rewind or forward? d. How often do you typically repeat watching relevant scene? e. Is there any problem looking for relevant scene from a DVD?
4	Do you know any online resources? [i.e. YouTube or imdb.com -internet movie database] <ol style="list-style-type: none"> a. What kind of information [e.g director, actors, synopsis, genre etc] that you looking for when using these resources? b. How do these tools help you in your studies?
5	Can you describe your experiences or problems faces in learning this course?
6	What features would you like to see if there is a tool that can help your work in your studies? [Discussion]

Appendix A - MovieBrowser Usability Testing Experiment

Welcome to the MovieBrowser Usability Testing

The objective of the usability testing is to get your feedback and opinion on the current system (MovieBrowser). For this study we are interested in gaining a better understanding of the problems you have when using MovieBrowser for Film Studies purposes.

MovieBrowser is a single system (stand-alone) that can accommodate all three methods of locating events in film for further analysis. Three methods of locating events are (1) browse all by keyframe, (2) browse detected events and (3) manual search. There are 12 films stored in MovieBrowser.

In order to achieve this objective, we provide some task to participant. Please spend 10-15 minutes on exploring the task given and considering what you are thinking in your mind during the system exploration.

There are two parts in the questionnaires: **PART A** and **B**. You need to answer all questions in **PART A** before you start with the **TASK**. After you have finished with the **TASK** (exploring MovieBrowser), please answer the questionnaire in **PART B**. Please read task description provided below.

TASK DESCRIPTION

Imagine that you need to do close textual analysis on some film provided in the system on a chosen topic given in class recently. Choose any film that interests you for the purpose of this study. Try to explore (compare, contrast, search and browse) scene/part(s) by:

- Browse at all keyframes that the film has listed/shown.
- Browse at any scene/part that you like (such as fighting, music or conversation or combinations) in the film
- Play the scene/part in the film.

PART A: Pre-test Questionnaire

This questionnaire will provide us with some background information.

1. What is your age?
 - Younger than 18
 - 18-20
 - 21-23
 - 24-26
 - Older than 26

2. What is your gender?
 - Male
 - Female

3. What are your main sources when working on your assignment for this module?
You can tick more than one box.
 - DVD watching
 - Book Reading
 - Lecture Notes
 - Internet resources
 - Please specify: (e.g. imdb.com/YouTube etc) _____
 - Other
 - Please specify: _____

4. How many times do you watch part(s) of film sequence in order to accomplish your work?
 - Average less than 5 times
 - Average 5 to 10 times
 - Average 10 to 20 times
 - Average more than 20 times

5. What information do you use when looking for relevant items in film - by?
You can tick more than one box.
 - Director
 - Main character
 - Film rating
 - Critics opinion
 - Year
 - Synopsis (brief summary)
 - Genre
 - Other – please specify: _____

2. The keyframe browsing is useful for my studies.

Strongly Disagree							Strongly Agree
1	2	3	4	5	6	7	

Reason for this rating, if any:

3. The event-based browsing (exciting, dialogue, musical) is useful for my studies.

Strongly Disagree							Strongly Agree
1	2	3	4	5	6	7	

Reason for this rating, if any:

4. The searching and filtering function is useful for my studies.

Strongly Disagree							Strongly Agree
1	2	3	4	5	6	7	

Reason for this rating, if any:

5. The playback features is useful for my studies.

Strongly Disagree							Strongly Agree
1	2	3	4	5	6	7	

Reason for this rating, if any:

6. What are beneficial features about MovieBrowser that can help you in your studies? Why?

7. What are unsatisfactory things about MovieBrowser? Why?

8. If you use MovieBrowser in your studies, what are other features or changes you would like to see in order you accomplish your work (e.g. to compare, contrast, view and playback film and etc)?

9. What are your overall comments on MovieBrowser?

Thank you for your help!

4 What new features would you want to see on future MovieBrowser2?

5 Any OTHER (feedback/thoughts/problem encountered/suggestion).

Thank you for your help!

Appendix B – Deployment Questionnaires

MOVIEBROWSER2 ONLINE QUESTIONNAIRES

INFORMATION & INSTRUCTIONS

This questionnaire is carried out to get your feedback and opinion on the MovieBrowser2 system. MovieBrowser2 has been deployed during the Semester 2 2007/08 and students from **CM272 National and Irish Cinema** and **CM135 Analyzing Media Content** have the authority to use it.

It will take 10-15 minutes to answer this questionnaire. It is composed of two pages (**PART A** and **B**). Please answer all questions.

PRIVACY STATEMENT

All information will be kept confidential and is used for research purposes only.

OTHER INFORMATION

Feel free to email for any questions or suggestions to **moviebrowser@computing.dcu.ie**. Any feedbacks are appreciated. Thank you.

PART A: Please place a TICK that best matches your opinion. Please answer ALL questions.

Please insert your student No:

What is your gender?

Q1.

- Male
 Female

What is your age?

Q2.

- Younger than 18
 18-20
 21-23
 24-26
 Older than 26

What is your course?

Q3.

How often did you use the system?

Q4.

- Never
 1-5 times total
 6-10 times total

- More than 10 times total
- Almost everyday

When did you use the system?

- Q5.
- Once I got the username and password
 - Couple of weeks before assignment deadline
 - Once I got email remainder
 - When I'm looking for film
 - When I start doing my assignment

Others: Please state

What made you motivate to use the system? You can tick more than one box:

- Q6.
- Interesting Irish movie selections
 - Interesting Hollywood movie selections
 - Inconvenient to borrow DVD from library
 - Convenience access to web based system
 - Explore new tools with features which I never thought of
 - To find out more information on the technology
 - Difficult to get a DVD on a particular film

Others: please state:

Q7. How did you access the system?

- School Laboratory
- Pesonal PC/Laptop
- Library PC

END OF PART A

PART B : Please place a TICK that best matches your opinion. Please answer ALL questions.

Q8. The features provided in the system is useful in my studies.	Totally Disagree	1	2	3	4	5	Totally Agree
Q9. The movie collections is useful in my studies.	Totally Disagree	1	2	3	4	5	Totally Agree
Q10. The tool helped me to supports my information needs.	Totally Disagree	1	2	3	4	5	Totally Agree
Q11. The tool helped me to enhance my ability to read film well.	Totally Disagree	1	2	3	4	5	Totally Agree
Q12. The tool helped me to discover new ideas in my work.	Totally Disagree	1	2	3	4	5	Totally Agree
Q13. The tool helped me to explore the collections better.	Totally Disagree	1	2	3	4	5	Totally Agree

Appendix B - Controlled Lab Experiment

QUESTION FOR TASK 1

Analyse the techniques used by the director to make the scene more tense between all family members in the fighting dinner scene where *Lester* (the father) throws away the food plate onto the wall.

[Hint: e.g. Characters smiling to/at each other in the beginning; there are some recognizable changes in dress etc].

QUESTION FOR TASK 2

Analyse the director's use of music to express the characters' emotion more cinematically.

[Hint: e.g. You could contrast these scenes - a scene where *Carolyn* (the mother) is driving and singing in the car on the way back home and a scene where *Lester* (the father) and *Angela* (Jane's friend) are together in the bath].
