## CHASEtown

A VLE for the education and training of health care professionals

> Presenters Caron McMahon & Ger Cannon

### **Project Team**

Caron McMahon
Pamela Henry
Gerald Cannon
Colette Lyng
Mary McGrath
Anne Spencer

### Aim of Project

Case study based VLE
Shared resources (among lecturers and institutions)

Ease of use and enjoyable for end user

Element of time – patients age, episodes of care happen over a period of time

### **CHASEtown Version 1**

Completed September 06 Developed in-house > Pros Ease of understanding and use for student >Worked in conjunction with other on-line tools e.g. Moodle, video server > Cons Lack of flexibility in creating places Standard language entry caused problems among different disciplines

### **CHASEtown Version 2**

- Built from the back end up so that flexibility could be incorporated
- Developed in conjunction with contracted company over last 6months
- Highly configurable and scaleable
- Navigation metaphor not as evident in final version but search functionality added

### **CHASEtown Version 2**

Will be used in modules in the coming semester (Feb-May 06)
Example usage of case study
